PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

S.NO	PEOs NO	PROGRAMME EDUCATIONAL OBJECTIVES(PEOs)
1	PEO1	Graduates will have fundamentals for successful profession and/or for higher education in civil engineering based on mathematical, scientific and engineering principles.
2	PEO2	Graduates will adapt to the modern engineering tools for planning, design, execution and maintenance of works with sustainable development in their profession.
3	PEO3	Graduates will exhibit professionalism, ethical attitude, communication and managerial skills, team work and social responsibility in their profession and adapt to current trends by engaging in lifelong learning.
4	PEO4	Our graduates will be trained for developing soft skills such as proficiency in many languages, technical communication, verbal, logical, analytical, comprehension, team building, inter personal relationship, group discussion and leadership skill to become a better professional.
5	PEO5	Our graduates will be Installed with ethical feeling and a social responsibility

PROGRAMME OUTCOME (POs)

S.NO	POs NO	PROGRAMME OUTCOMES
1	PO 1	An ability to apply knowledge of mathematics, science, and Engineering.
2	PO 2	An ability to design and conduct experiments, as well as to analyse and interpret data.
3	PO 3	An ability to design a system, component, or process to meet desired needs within realistic constraints.
4	PO 4	An ability to identify, formulae, and solve engineering problems.
5	PO 5	An ability to use the techniques, skills, and modern engineering tools necessary for civil engineering practice.
6	PO 6	Knowledge of contemporary issues.
7	PO 7	The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental and societal context.
8	PO 8	An understanding of professional and ethical responsibility.
9	PO 9	An ability to function in multidisciplinary teams
10	PO 10	An ability to communicate effectively.
11	PO 11	Recognition of the need for, and an ability to engage in life-long learning
12	PO 12	An understanding of engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects.
