

**Two Days International Faculty Development Program on
Mechanical Metamorphosis: Shaping the Future of
Technology**

**Organized by
School of Mechanical Engineering**

WED	<p>Session-I • 10:00am - 11:00am</p> <p>: Dr. C. N. KOWTHAMAN Postdoctoral Research Scientist Dept. of Chemical Engineering Texas A&M University, USA : Bio-Mass and Bio-Energy</p>	<p>21 JAN 2026</p>
WED	<p>Session-II • 12:00Pm - 1:00Pm</p> <p>: DR SELVAKUMAR KATHIRESAN Manager Mechanical Process & Maintenance Kuwait Oil Company, Kuwait. : Composites Materials</p>	<p>21 JAN 2026</p>
WED	<p>Session-III • 2:00Pm - 3:00Pm</p> <p>: Dr.C.CHANDRASEKHARA SASTRY Assistant Professor (Grade-I) Department of Mechanical Engineering IITDM, Kurnool, AP : Metal Additive Manufacturing for defends application</p>	<p>21 JAN 2026</p>
THU	<p>Session-I • 10:00am - 11:00am</p> <p>: Dr. PRITHVI RAMESH Postdoctoral Research Scientist Dept. of Chemical Engineering Texas A&M University, USA : Computational Fluid Dynamics</p>	<p>22 JAN 2026</p>
THU	<p>Session-II • 11:00am - 12:00pm</p> <p>: Dr. BABU DHARMALINGAM Assistant Professor Department of Mechanical Engineering College of Engineering Guindy, Anna University, Chennai. : Bio-Diesel and Bio-Ethanol production and its Characterization</p>	<p>22 JAN 2026</p>
THU	<p>Session-III • 12:00pm - 1:00pm</p> <p>: Dr.B. MOULI PRASANTH Postdoctoral Research Scientist School of Mechanical Engineering, Shandong University, Jinan 250061 China : Digital Manufacturing towards Industries</p>	<p>22 JAN 2026</p>
